“THE STEP INTO THE FUTURE” PROGRAM

Russian scientific and social programme for young people and schoolchildren “The Step into the Future” is the authoritative national movement of scientific youth, academics, teachers and professionals seeking to develop jointly an innovative future of their country. “The Step into the Future” was established in 1991, at the initiative of the Bauman Moscow State Technical University named, which has played a leading role in its development. Since 1995, the work on the implementation of the program is being held in conjunction with the Russian Youth Engineering Society.

The goal of the program is to foster highly promising young people able to create and implement scientific innovations, modern equipment and high technologies in priority sectors of the Russian economy.

ABOUT THE “STEP INTO THE FUTURE” FORUM

The «Step into the Future» Forum has established itself as a key national platform for discovering best young researchers and innovators in the country. It is organized by the Bauman Moscow State Technical University (BMSTU) and the Russian Youth Engineering Society.

The Forum program includes scientific online-workshops and an online-exhibition of projects. Scientific workshops at the Forum will review projects in the field of natural, engineering and socio-humanitarian sciences and will operate on the basis of 14 world-renowned academic research centers and 12 leading Russian universities. More than 150 Candidates of Sciences and 100 Doctors of Sciences will be members of the Forum’s Jury.

GENERAL INFORMATION

Who can attend?

High scholars and first-years students (in age between 14 and 20 years old) who has projects in natural, engineering and socio-humanitarian sciences.

The working language of the Jury is English.

Each participant can submit only 1 project.

Each participant have to submit the following documents:

- filled out registration form
- project paper
- photo of himself
- short welcome-video

CATEGORIES/SCHEDULE of EVENTS

Categories

- **Engineering**
- **Formal Sciences** (Mathematics, Computer Sciences)
- **Natural Sciences** (Physics, Chemistry, Biology)
- **Social Sciences** (Sociology, Psychology)

Schedule of events

- **March 1st, 2021** – registration forms and full text of the projects should be sent to forum.sitf@gmail.com
- **April 12-18th, 2021** – Judging
- **April 27th, 2021** – Awarding Ceremony

Abstract

- ✓ Abstract should be written in English and contain the most important points of the project (aim of project, materials and methods, observations and conclusions)
- ✓ Abstract should include the following information: Project title, Author's name, Country, City, School/University, grade/year
- ✓ Abstract should not exceed 250 words
- ✓ Font size – Times New Roman 12

Project's full text

- ✓ The text of the project has to be written in English
- ✓ It may consist of up to a maximum of 10 pages of text (A4 format; double spaced in a minimum font size of 12) and may be accompanied by up to a further 10 pages of illustrations
